**Topical Outline (include percentage of time in course spent in each subject area):**

Project work in Urban Conservation and Rehabilitation during the period of lessons.

The evaluation of Project work, involves three fundamental components:

- i) a technical aspect;
- ii) a design and image aspect;
- iii) a decision-making and participation aspect;

It is up to the Teacher to explore and simulate with their students a whole set of experiences that expose them to all these facets, even in a simulated environment.
